MANAGE Your Goals For Only \$19

Novato, California (March 2, 2010) – [MANAGetoWIN](#), Inc. released MANAGEgoals today, a way for individuals or companies to manage goals, career paths and best practice processes for as little as \$19 monthly.

“[Contryman Solutions](#) is offering MANAGEgoals as an option to the MANAGetoWIN portal for accounting firms who want to use our Professional Excellence Path to help members of their teams work toward achieving the goals of their organization and attaining their firm’s vision,” explained Linda Slothower, Marketing Director of Contryman.

“We have a growing number of partners who want to offer their best practices on MANAGetoWIN, but their clients do not need our entire human resource or employee performance management system,” added David Russell, CEO of MANAGetoWIN, an online talent management portal. “[MANAGEgoals](#) is a way for them to define their best practices and extend them to companies at very low cost.”

“Partners are creating best practice processes for internal use and to assign to clients, franchisees, association members and others. These best practices including how hire someone, onboard a new employee, close a sale, marketing campaigns, career paths, goals and even how to start a new business,” continued Russell. “Basically, MANAGEgoals automates the process of assigning responsibilities and follow-up on key tasks for as little as \$19 for an individual monthly. See the Order Your Site section of www.managetowin.com for full pricing information.”
